PROJECTS

Personal Portfolio Website | Live Site: himkr14.github.io/HiMportfolio

- Designed and developed a fully responsive personal portfolio website to showcase professional identity, skills, and projects.
- Built with HTML, CSS, and JavaScript to ensure a clean, modern, and interactive user interface.
- Deployed the site live using GitHub Pages to demonstrate practical understanding of version control and deployment workflows.
- The project serves as a central hub for my professional brand and a platform to host future web development work.

LANGUAGES

Hindi: Native/Fluent

English: Professional Working Proficiency

ADDITIONAL INFORMATION

- Availability: Open to internships and entry-level frontend development roles.
- Interests: Exploring full-stack development, UI/UX design principles, and contributing to open-source projects.
